

## *Self-assessment: Possible new Facebook friends*

- 1 Do an Internet search on your favourite interests and industries to identify four dream Facebook contacts (try to find specific people who genuinely get you excited).
- 2 Figure out how you might be able to get in touch, for example through particular groups, and consider other possible contacts who are well connected (take your time to find specific links).

Who you'd love to contact	How you could possibly get in touch
